📍 1407 Sofia, Vera Mutafchieva str. 7

### EDUCATION

**Bachelor of Economy**  
Kryvyu Rih National University  
2007 - 2012

### SKILLS

JavaScript

React

TypeScript

CSS

Vue

NodeJS

GraphQL

Next.js

### WORK EXPERIENCE

#### SENIOR SOFTWARE ENGINEER

2021 - present

#### VENTION

- Led the frontend development team in architecting and implementing user interfaces for large-scale web applications, ensuring alignment with project goals and technical requirements.
- Collaborated with cross-functional teams including designers, backend developers, and product managers to gather requirements, provide technical guidance, and deliver high-quality frontend solutions.
- Mentored junior developers, conducted code reviews, and established coding standards and best practices to maintain code quality and improve team efficiency.
- Refactored legacy frontend codebases to improve maintainability, scalability, and testability, reducing technical debt and enhancing development velocity.

#### MIDDLE SOFTWARE ENGINEER

2019 - 2021

#### INDUSTRIALAX

- Developed and maintained user interfaces for various web applications, collaborating closely with backend developers, designers, and project managers.
- Utilized frontend frameworks such as React.js and Vue to build dynamic and interactive user interfaces.
- Assisted in the design and architecture of frontend solutions, contributing ideas and suggestions to enhance usability, performance, and scalability.
- Participated in the optimization of frontend performance by implementing techniques such as code splitting, lazy loading, and image optimization.
- Actively participated in sprint planning, daily stand-ups, and retrospectives, contributing insights and suggestions to improve team productivity.

#### JUNIOR SOFTWARE ENGINEER

2017 - 2019

#### STFOREX

- Collaborated with senior developers to implement user interface designs for web applications, focusing on HTML, CSS, and JavaScript development.
- Assisted in the development of responsive web designs, ensuring compatibility across various browsers and devices.
- Supported testing efforts by writing and executing unit tests and performing manual testing to identify and resolve bugs and issues.
